

DeSoto Parish

Adult Skills & Opportunity

Mapped Providers: BPCC, NLTC

Sources: Census Bureau 2023 ACS 5 Year Estimates, NCES PIAAC

Adults Without Foundational Skills

16%

No High School Diploma or Equivalent

49%

Low Reading, Writing, or Math Skills

3,253 adults in DeSoto Parish lack a high school diploma or equivalent and 10,022 struggle with basic reading, writing, or math skills.

Economic Impact of Adult Education

Labor Force Participation

Median Annual Earnings

Adults earning diplomas are more likely to join the workforce, reduce their risk of poverty by 42%, and rely less on public assistance—all while helping employers fill jobs with skilled, ready workers.

Adult Education Opportunity

Double the Diplomas. Double the Returns.

\$21

 return for every \$1 invested

Adult education pays off. Every dollar spent creates \$21 in economic return through higher wages and reduced costs.

\$28k

 needed to close the adult skills gap

An increased annual investment would help DeSoto produce 2x more graduates, strengthening the local workforce.

\$1.2

 million added in local wages over 10 years

Just doubling the annual number of grads once – from 8 to 16 – would boost incomes, increase tax revenue, and lower public costs.

One diploma can transform a life – thousands can transform a community!
