

Lincoln Parish

Adult Skills & Opportunity

Mapped Providers: LDCC

Sources: Census Bureau 2023 ACS 5 Year Estimates, [NCES PIAAC](#)

Adults Without Foundational Skills

8%

No High School Diploma or Equivalent

43%

Low Reading, Writing, or Math Skills

3,277 adults in Lincoln Parish lack a high school diploma or equivalent and 16,607 struggle with basic reading, writing, or math skills.

Economic Impact of Adult Education

Labor Force Participation

Median Annual Earnings

Adults earning diplomas are more likely to join the workforce, reduce their risk of poverty by 42%, and rely less on public assistance—all while helping employers fill jobs with skilled, ready workers.

Adult Education Opportunity

Double the Diplomas. Double the Returns.

\$21

 return for every \$1 invested

Adult education pays off. Every dollar spent creates \$21 in economic return through higher wages and reduced costs.

\$74k

 needed to close the adult skills gap

An increased annual investment would help Lincoln produce 2x more graduates, strengthening the local workforce.

\$3.2

 million added local wages over 10 years

Just doubling the annual number of grads once – from 21 to 42 – would boost incomes, increase tax revenue, and lower public costs.

One diploma can transform a life – thousands can transform a community!
