

# Livingston Parish

## Adult Skills & Opportunity

Mapped Providers: Livingston, LA Corrections

Sources: Census Bureau 2023 ACS 5 Year Estimates, [NCES PIAAC](#)

### Adults Without Foundational Skills

# 13%

No High School Diploma or Equivalent

# 33%

Low Reading, Writing, or Math Skills

13,511 adults in Livingston Parish lack a high school diploma or equivalent and 35,633 struggle with basic reading, writing, or math skills.

### Economic Impact of Adult Education

#### Labor Force Participation

#### Median Annual Earnings

Adults earning diplomas are more likely to join the workforce, reduce their risk of poverty by 42%, and rely less on public assistance—all while helping employers fill jobs with skilled, ready workers.

### Adult Education Opportunity

Double the Diplomas. Double the Returns.

# \$21 return for every \$1 invested

Adult education pays off. Every dollar spent creates \$21 in economic return through higher wages and reduced costs.

# \$133k needed to close the adult skills gap

An increased annual investment would help Livingston produce 2x more graduates, strengthening the local workforce.

# \$5.8 million added in local wages over 10 years

Just doubling the annual number of grads once – from 38 to 76 – would boost incomes, increase tax revenue, and lower public costs.

One diploma can transform a life – **thousands can transform a community!**
