

# St. Charles Parish

## Adult Skills & Opportunity

Mapped Providers: RPCC

Sources: Census Bureau 2023 ACS 5 Year Estimates, [NCES PIAAC](#)

### Adults Without Foundational Skills

4,529 adults in St. Charles Parish lack a high school diploma or equivalent and 13,341 struggle with basic reading, writing, or math skills.

### Economic Impact of Adult Education

#### Labor Force Participation

#### Median Annual Earnings

Adults earning diplomas are **more likely to join the workforce**, **reduce their risk of poverty by 42%**, and **rely less on public assistance**—all while helping employers fill jobs with skilled, ready workers.

### Adult Education Opportunity

Double the Diplomas. Double the Returns.

**\$21** return for every **\$1** invested

Adult education pays off. **Every dollar spent creates \$21 in economic return** through higher wages and reduced costs.

**\$102k** needed to **close** the **adult skills gap**

An increased annual investment would help St. Charles produce **2x more graduates**, strengthening the local workforce.

**\$4.4 million** added in local wages over 10 years

Just doubling the annual number of grads once – **from 29 to 58** – would boost incomes, increase tax revenue, and lower public costs.

One diploma can transform a life – **thousands can transform a community!**
