

St. Helena Parish

Adult Skills & Opportunity

Mapped Providers: NTCC

Sources: Census Bureau 2023 ACS 5 Year Estimates, [NCES PIAAC](#)

Adults Without Foundational Skills

1,491 adults in St. Helena Parish lack a high school diploma or equivalent and 5,099 struggle with basic reading, writing, or math skills.

Economic Impact of Adult Education

Labor Force Participation

Median Annual Earnings

Adults earning diplomas are **more likely to join the workforce**, **reduce their risk of poverty by 42%**, and rely less on public assistance—all while helping employers fill jobs with skilled, ready workers.

Adult Education Opportunity

Double the Diplomas. Double the Returns.

\$21 return for every **\$1** invested

Adult education pays off. **Every dollar spent creates \$21 in economic return** through higher wages and reduced costs.

\$4k needed to **close** the **adult skills gap**

An increased annual investment would help **St. Helena produce 2x more graduates**, strengthening the local workforce.

\$150 thousand added in local wages over 10 years

Just doubling the annual number of grads once – **from 1 to 2** – would boost incomes, increase tax revenue, and lower public costs.

One diploma can transform a life – **thousands can transform a community!**
