Mapped Providers: SOLACC, VITA, LA Corrections

Sources: Census Bureau 2023 ACS 5 Year Estimates , [NCES PIAAC](#)

Adults Without Foundational Skills

20%

No High School Diploma or Equivalent

56%

Low Reading, Writing, or Math Skills

11,778 adults in St. Landry Parish lack a high school diploma or equivalent and 33,723 struggle with basic reading, writing, or math skills.

Economic Impact of Adult Education

Labor Force Participation

Median Annual Earnings

Adults earning diplomas are **more likely to join the workforce**, **reduce their risk of poverty by 42%**, and **rely less on public assistance**—all while helping employers fill jobs with skilled, ready workers.

Adult Education Opportunity

Double the Diplomas. Double the Returns.

\$21 return for every \$1 invested

Adult education pays off. **Every dollar spent creates \$21 in economic return** through higher wages and reduced costs.

\$305k needed to close the adult skills gap

An increased annual investment would help St. Landry produce **2x more graduates**, strengthening the local workforce.

\$13.2 million added in local wages over 10 years

Just doubling the annual number of grads once – **from 87 to 174** – would boost incomes, increase tax revenue, and lower public costs.

One diploma can transform a life – **thousands can transform a community!**
